

Bank Childcare Team – Limited Vacancies Available - Peace of Mind for Parents OSC

This would suit a student or perhaps someone who has taken early retirement. Someone with hobbies; enjoys crafts; sports or games. The job entails being with children in a play setting after school for 3hrs during the week. A range of activities are available every day decided by the children.

We are looking for calm, relaxed and reliable people to add to our bank team of staff to cover staff absence from our service, mostly short notice. People who are available to work as and when we need them from 3pm to 6pm, on a school day, based on their availability, during the school term. We have services in a variety of areas and once we know the areas and days you can cover you would be added to the bank for that service. We only call you when we need bank staff and if you are available you get the shift.

Applicants would require to attend an interview (zoom available); have Enhanced PVG disclosure check (we cover cost); two references and a clean bill of health. Experience of working with children an advantage. Successful applicants will always work with another member of staff and will generally work at one of our smaller services. Payments are made by bank transfer @ £30 for a full a shift.

Position subject to Enhanced PVG Scheme & SSSC Record checks.
