

Childcare Lead Practitioner Manager – Lenzie Peace of Mind for Parents Service

This rarely available vacancy is in our busiest afterschool care service which operates within school premises. It offers a full cover service all year round. A centralised team provides a wide range of core administration and finance services as well as direct management support to Lead Practitioners. However, as the Registered Manager you will require a clear understanding and knowledge of the roles and responsibilities of care staff and service requirements in line with the SSSC Code of Practice and other legislative bodies as required by registered daycare services. A firm knowledge and understanding of the new Quality Framework for the daycare of children June 2021 is also expected. Applications are invited from individuals who will work to create a warm inviting and nurturing environment for the children coming to the setting. They are expected to be good communicators; articulate; self-motivated, team players; innovative; responsive to change and enjoy a challenge. Experience of working in a larger group setting or team would be an advantage in this particular setting. A personal commitment to continuous professional development is essential, see qualification requirements below.

We believe a quality service starts by investing in your staff team and list our key terms and conditions below.
